

**ROLLABLE**

## >> CONSTRUCTION :

The ROMAT matting is made of Heavy Duty polypropylen Dust Barrier Textile, inserted in row aluminium profiles sections. These sections are linked together with a semi-flexible PVC strips. This UNIQUE mat fully absorbs traffic noise and can be rolled for cleaning purpose.

## >> MAINTENANCE :

The dirt come through the profiles and falls into the hollow. The ROMAT can be rolled up without any efforts. To be daily vacuumed.

**PURPOSE :** SCRAPES + MOISTURE ABSORBER  
**LOCATION :** INTERIOR  
**TRAFFIC :** FREQUENT  
**STRUCTURE :** OPEN (dust comes through the profiles)  
**ROLLABLE**  
**ATTRACTIVE AND NICE LOOKING**  
**MADE-TO-MEASURE**
