

Great feel.
Smart look!

EasyDeck®
Glacier¹⁶

16 mm thick deck board,
in two colours, 193 x 3000 or 4000 mm,
gap width 8 mm

The figure illustrates the EasyDeck® Glacier16 product in graphite

* The figures illustrate an example of the colours available for delivery and their natural colour maturation process

The extra wide deck board with wooden character or finely corrugated design

Boards from the Glacier range are characterised by the mix of two varying sides. As it can be laid on both sides, the Glacier16 board boasts a finely corrugated surface on one side and a surface with wood character on the other. Randomly placed, curved structures give the surface a visual dynamic. The extra wide deck boards are available for purchase in terra and graphite and are a real eye-catcher as well!

- // Surface: Finely corrugated or structured
- // Can be laid on both sides
- // Gap width: 8 mm (± 0.5 mm)
- // Colour-resistant
- // Free from dangerous splinters
- // Solid and completely coloured
- // Sustainable
